Educational Assistants Association

E-News Updates

On Thursday, May 23, 2024, your EAA Executive Board, attended a press conference hosted by Together in Education (TIE). TIE represents education unions in the WRDSB and WCDSB that are working together to address the increasing Violence in Schools. As part of the data collection a survey was sent out to all Education Workers under the TIE umbrella and an impressive 1,100 responses were received. TIE leaders, including our President Colleen Dietrich Sisson, were called to the podium to express the level of violence that their members experience and the effect that this has on staff, students, families and school communities.

Please take some time to read the online articles and watch the accompanying video and share with your networks.

Read the article posted in the KW Record.

Watch the video presented at the conference.
