Educational Assistants Association

E-News Updates

The Board has indicated that EAA Pay Grids will be updated over the summer. Bill 124 and Wage Payouts will happen in September.

It is important that you update your contact information in the WRDSB Self-Service Portal.

At this time we are in preliminary discussions regarding our Central Interest Arbitration items. We will update you when we have more information.

Attached with this note are the current information documents produced by Service Canada regarding the application process for Employment Insurance(EI) benefits for both Teachers and Non-Teaching Education Support Staff.

Production of the electronic Record of Employment(ROE) will commence the week of July 8 for all groups and be sent directly to Service Canada. As there are over 4000+ ROEs to generate, this process may take a few days into the stated week and ROE's will be submitted as they are completed.

Service Canada's Quality, Integration and Transformation unit is aware of the lag time involved for the board to produce ROE's that ensure all earnings are reported and that this lag exceeds the Service Canada standard of 5 days from the end date of the last pay period.

Also as a friendly reminder, and stated in the attached application instructions, if an employee has an existing EI claim in the last 52 weeks (Christmas or March break) with remaining eligible EI benefit weeks, this previous claim may be reactivated once the application is submitted. Reactivation of previous claim does not require an ROE submission for benefits to be paid.

Important notice for NON-teaching support staff – 2024 Applying for Employment Insurance benefits
