

E-Blast

In recognition of Psychology Month, the EAA would like to acknowledge and thank Educational Psychologists for their ongoing collaboration with Educational Assistants and Child and Youth Workers.

We also recognize and appreciate the critical work they do in support of students across the school system, particularly their role in promoting student well-being, learning, and inclusion.

Their commitment to professional learning, open communication, and information sharing strengthens interdisciplinary practice and enhances our collective ability to meet student needs. EAs and CYWs value opportunities to collaborate, learn, and engage in shared problem-solving that leads to more consistent and informed support for students. We appreciate their respect for our roles and their continued partnership in fostering effective, collaborative school teams.

We also appreciate the WRDSB Psychology Team for organizing Lunch and Learn sessions for parents, families, and caregivers, which help extend knowledge, build understanding, and strengthen connections between home and school.

Thank you for your continued work and collaboration!
