Educational Assistants Association

E-BLAST

Hello Everyone,

I hope that your year has had a good start.

One thing we would like to work on this year is the mental health and safety of our group. We are running a survey for members to gauge how you all are feeling and to find out what areas we need to focus on.

We are hoping to collect all the data and to be able to present the results at our November 1st association PD day.

Do you ever feel:

- Pressured and physically or mentally exhausted because there's too much work to do and not enough time or help to do it?

- Frustrated because you don't have control over how your work gets done, or because you lack support from supervisors or management to do your job?

- Anxious or ill because of the work environment or from being bullied, harassed, or subjected to threats of violence?

If you said YES to any of these questions, you will want to participate in this health and safety survey to take action on workplace stress. We will be circulating this survey on September 17, 2024 and it will be open until September 30, 2024.

The goal is to use the information provided by the results of the survey to improve our workplaces and reduce the burden of mental distress for all workers. If you have any questions regarding this survey see contact: Lynn Wilson healthandsafety@wrdsbeaa.com.

Participation is strictly voluntary. Your input will be kept anonymous.

Lynn Wilson
