Ontario Autism Coalition Rally-Queens Park

The EAA stood proudly alongside parents, educators, labour and community members at Queens Park on March 23, where the Ontario Autism Coalition rallied to demand urgent action on the growing crisis in special education. Advocates raised concerns about rising school exclusions, safety issues and the lack of adequate supports for students. The rally also highlighted opposition to Bill 33 which many fear will further erode protections and oversight in the education system, putting vulnerable students at greater risk and limiting accountability.
